CLOSE VOTE IN MASSACHUSETTS

TAFT AND ROOSEVELT RUNNING NECK AND NECK.

Indications Are There Will Be an Equal Division of District Delegates—Clark Is Running Ahead of Wilson for Democratic Nomination.

Boston, April 30.—The Massachusetts preferential primaries held in the 1,080 election precincts today proved such a close fight in the Republican ranks between President Taft and Colonel Roosevelt that both sides claimed control of the 36 delegates to the Chicago convention and it was apparent at a late hour tonight that an official count would be necessary.

Returns from 140 city wards and 280 cities gave on preferential preference:

Taft 52,643
Roosevelt 51,420

These same precincts for delegates at large gave Baxter, heading the Roosevelt pledged ticket 53,299; Crane, heading the Taft pledged group, 46,603.

These same districts gave Clark 25,963; Wilson 11,546.

For the Democratic delegates at large: Coughlin (pledged to Foss), 23,877; Williams (for primary preference), 9,197.

At a late hour Taft was leading Roosevelt in the first, second, third, sixth, eighth, tenth, eleventh and thirteenth districts. This left Roosevelt ahead in the fourth, fifth, seventh, ninth, twelfth and fourteenth districts.

The vote for Senator LaFollette was only 1,271, in 787 precincts.

It was apparent that a complete vote of the state would not be had until daylight tomorrow.

The Republican situation, which at midnight showed that Taft was leading the preferential vote but that the Roosevelt delegates were ahead, led to considerable discussion as to what would be the attitude in case the final result showed that the voters preferred Taft for president but instructed the eight delegates at large for Roosevelt. While political observers differed on this point many were of the opinion that the delegates pledged to Roosevelt might regard the expression of preference by the voters for Taft although it was admitted that the Roosevelt members of the legislature and Roosevelt leaders were mainly responsible for the new presidential preference primary law.

STRIKE AVERTED

Committees Representing Engineers and Railroads Sign an Arbitration Agreement.

New York, April 30.—The threatened strike of the engineers of the 50 railroads east of Chicago was averted to night by the signing of an arbitration agreement between the two committees representing the railroads and the engineers.

The arbitration committee consists of seven members, one from the railroads, one from the engineers and the other five to be appointed by the two. If the two fail to agree on the five umpires Chief Justice White, Commissioner of Labor Neill and Judge Knapp will be asked to make the appointments.

WILSON DELEGATES.

Dover, Del., April 30.—Gov. Wilson will have a solid delegation from this state to the Democratic national convention, which meets in Baltimore, two from each three counties, as follows:

New Castle county—Williard Saulsbury, T. Bayard Heisel.

Kent county—Alfred Raughley, Reynolds Clough.

Sussex—William H. Stevens, Andrew H. Lynch.

While the delegates are not instructed they are known to favor Governor Wilson's nomination for the presidency.

SUBJECTED TO INSULTS.

Mobile, Ala., April 30—"Insults to which American women and men have been subjected in Mexico and the danger surrounding them should impel the United States to send relief"

This statement accredited to Mrs. Bernard Sweiyer, is printed in the Mobile Item today. Mrs. Swieyer was for three years a resident of Chihuahua.

"I have witnessed terrible scenes," says Mrs. Sweiyer, "in the mining country where many Americans are engaged, the greatest suffering and danger exists."

WILL OBEY LAW.

Jefferson City, Mo., April 30.—Governor Hadley was given assurances tonight by J. H. Mason, prosecuting attorney of Greene county, that the boxing exhibition between Carl Morris and Luther McCarty, scheduled to be held at Springfield Friday night, is in strict compliance with the law. No one but members of the Springfield Athletic club will attend, according to the governor's information.

"I shall not interfere as long as the contest is held in compliance with law," said the governor.

WON ON A FOUL.

St. Louis, Mo., April 30.—Adolph Eaton won a scheduled eight round bout from Leo Kelly when Kelly fouled him in the fourth round. Both boys are local light weights.

POSTOFFICE BILL AGREED UPON

CONTAINS SEVERAL NEW FEATURES OF LEGISLATION.

Rule Which Prevented Federal Employes in Postal Service From Complaining of Treatment to Congress Abrogated—Other Postal Changes

Washington, April 30.—The perfected postoffice appropriation bill as agreed upon after a session of the house which lasted until 7:50 o'clock to night contained several new features of legislation advocated by the majority.

One was an abrogation of the rule described by Democrats as a "gag" rule, which prevented federal employes in the postal service from complaining to congress of their treatment.

The bill also contains a provision which would compel newspapers, magazines and other periodicals to publish the names of their managing editors and of stockholders who own stock valued at more than $550.

The bill championed by Representative Barnhart, of Indiana was amended by Representative Allen, of Ohio, so that daily papers are required to publish this information in but one issue a week. The Barnhart bill also provides that all editorial or reading matter for which money has been received must be labeled "advertisement."

A compromise on the parcel post and express provisions occupied most of the time of the debate, and was agreed to after numerous amendments were voted down.

As the bill was perfected in the committee of the whole the parcel post and express questions are given to a committee of three senators and three representatives for study and report to the next session of congress.

In the meantime a rural route parcel service is provided. Its rates are 5 cents for the first pound and one cent for each additional pound up to 11 pounds. All of this mail matter is confined to rural route service.

A general parcel post service of 12 cents a pound for 11 pounds is contained in the bill.

A proposal by Representative Rodenberry of Georgia ot prevent the circulation of newspapers containing liquor advertisements in dry territory was defeated.

DROWNED SELF IN CISTERN

Railroad Agent at Baders on Burlington Commits Suicide.

White Hall, Ill., April 30.—Friends in this city were advised to day that T. W. Nelms, station agent for the Burlington at Baders had committed suicide early this morning by jumping into a cistern. He had been in ill health for the past six months. His age was past 60 years, and he had been agent at Baders for about thirty years. A wife and five children survive. The remains will probably be taken to Taylorville for burial.

Baders is a town of 150, the third station north of Beardstown. Early in life Mr. Nelms lost a leg in working about farm machinery. He is survived by seven brothers in various sections of the country.

READY TO PLAY BALL.

Season in Three Eye League Begins To Day.

Chicago, April 30.—Clubs in the Three Eye league are ready for the opening of the eleventh season tomorrow.

Opening games will be played at Decatur, Davenport, Dubuque and Springfield. Fair weather is promised throughout the circuit.

"It looks like the hottest race in the history of the league," said President Tearney to night. "Interest is unusually keen. Managers of the eight clubs have strengthened their teams with new players, which means the competition will be strong from the start.

With Decatur in the league in place of Waterloo, the circuit is far more compact. Traveling expenses have been reduced and in Decatur I believe the league has procured a better baseball town.

"Bloomington returns to the league after a year without league baseball, and Rock Island has dropped out, giving way to Decatur."

President Tearney left to night for Decatur to attend the opening ceremonies. Automobile parades and the usual speeches by city officials will precede the opening games in the four cities.

FORMER LEGISLATOR DEAD.

Chicago, April 30.—James P. Cavanaugh, who for 16 years prior to 1908, was a member of the state legislature, died to day. He was mysteriously attacked by two unidentified men two years ago and never fully recovered.

KILLED BY A TRAIN.

Jackson, Mich., April 30.—Charles D. Oud, aged 50 years, and Mrs Fred Niles, 35, were struck and instantly killed by a Michigan Central express train at Francisco this afternoon. They stood on the track to await the passing of a freight train and did not see the express coming from the opposite direction.

Miss Mary Nergenah of Chapin was shopping in the city yesterday.

SUIT AGAINST HARVESTER CO.

GOVERNMENT WANTS TO DISSOLVE CORPORATION.

Action Brought Under Provisions of Sherman Anti-Trust Law — Accused of Being a Monopoly in Restraint of Trade.

St. Paul, April 30.—By filing a petition in equity in the federal district court here the government to day instituted a suit against the International Harvester company under the provisions of the Sherman anti-trust law. The government asks:

That the $140,000,000 corporation be dissolved on the ground that it is a monopoly in restraint of trade.

That injunctions be issued to bar from interstate commerce the products of the International Harvester company, or of the International Harvester company of America, its selling agency.

That receivers be appointed to take charge of the property and wind up the business of the defendant, if the courts find such action comparable with public interest.

Assistant District Attorney Dickey announced that the subpoenas issued for Cyrus H. McCormick, president of the harvester company, and for all the rest of the 18 individuals and seven corporations who are named in the petition, are returnable May 6. The defendants must enter their appearance in court by June 3, but it probably will be July 1, before they will be able to answer the government's petition. After the government files its application, probably in August, the case in all likelihood will be at issue.

District Attorney Charles S. Kroup, who ordinarily would have taken charge of the filing of the government's suit, has been in Washington in consultation with Attorney General Wickersham, who was directing the case from that end.

Mr. Dickey received word that Attorney General Wickersham would probably file a certificate of expediation in order that as little time as possible will be lost in bringing the suit to trial. The case by this means will be removed from the district court of Minnesota to the United States court of appeals, thus hastening the issue to the supreme court of the United States.

The chief charges by the government against the harvester company are:

That the company, in monopolizing the manufacture and sale of harvesting machinery, has advanced prices "to the grave injury of the farmer and the general public."

That the company controls at least 90 per cent of the trade in the United States in harvesters or grain binders, 75 per cent of the mowers and more than 50 per cent of the binder twine; that there are only three or four manufacturers other than the international in the United States and as these have only a small part of the business and in some sections of the country none at all, the International has a monopolistic control.

That the company has absorbed competing companies while allowing the companies still to advertise as being independent, "thereby misleading, deceiving and defrauding the public and more effectually crippling existing competitors and keeping out new ones."

That the defendants have resorted to unfair trade methods by attempting to induce agents to handle only their products.

That they have bought up patents to perpetuate the monopoly.

That when a combination was effected of the McCormick Harvesting Machinery company of Illinois, the Deering company of Illinois, the Plano Manufacturing company of Illinois, Warner, Bushnel & Glassner Co. of Ohio, and the Milwaukee Harvester company, the aggregate output amounted to more than 85 per cent of all the harvesting machinery and 50 per cent of all the binder twine produced and sold in the United States at that time.

That in organizing the International Harvester company the defendants were actuated by a determination to form a monopoly.

That the company bound retail dealers by contract not to sell the products of any other manufacturer.

That the harvester company receives iron, steel and lumber from the Wisconsin Steel company and the Wisconsin Lumber company, subsidiaries, which are used to eliminate competition.

That the company has used railroads which it controls to obtain undue preference from railroads connecting with them.

ASK FOR INJUNCTION.

Des Moines, Iowa, April 30.—Insurgent Modern Woodmen of Iowa filed a petition in the Polk county district court to day asking for an injunction against the Modern Woodmen of America corporation and its directors, restraining the lodge from putting into effect the raise in insurance rates approved by the head camp at Chicago several months ago.

COLLEGE GIVEN MONEY.

St. Paul, April 30.—Iowa Wesleyan college at Mt. Pleasant, Iowa, a Methodist Episcopal church school, today was given $11,500, according to Dr. A. E. Schell, president of the college, who is here to attend the general conference at Minneapolis.

The gift was made by H. B. Ell, of Webster, Iowa, and is a portion of the second $100,000 endowment secured for the school in the last few years.

INSTRUCTED FOR TAFT

Delegates From New Hampshire Will Vote for Re-Nomination of President—Denounce Socialism.

Concord, N. H., April 30.—The state Republican convention to day elected delegates to the Chicago convention favoring the re-nomination of President Taft and instructed them to vote for him until released.

A clause in the platform presented to the convention instructing the delegates not to vote for Col Roosevelt under any circumstances was stricken out after a heated debate.

The delegates at large who were chosen by about two-thirds majority are Fred W. Estabrook, Nassau; Lyford A. Morrow, Ossipe, Charles M. Floyd, Manchester and Roland H. Spaulding, Rochester.

The platform as adopted included the following planks:

"We repudiate any aspersion of the government administered under the Republican party as catering to any special or privileged classes. At the same time we denounce those doctrines of anarchy and Socialism that would deprive any man of reaping the just rewards of his efforts to improve his condition.

"We protest against associating the lofty sentiments of Lincoln with any such perilous and subversive dogmas as the initiative, general referendum, and the recall of judges, or their decisions by popular votes in the heat of partisan feeling."

The instructions were voted according to the platform "in view of the emphatic and unequivocal expressions of the Republican voter of New Hampshire at the recent presidential primaries.

Cheers that greeted the mention of Col. Roosevelt's name by the chairman were followed by hisses as the chairman made reference to "language of the circus" and the prize fighter. Reference to President Taft was received with cheers from the Taft delegates.

IGNORE SUMMONS

Ismay and Two Officers of Titanic in Contempt of Court—First Development in Civil Action.

Washington, April 30.—Contempt of court proceedings against J. Bruce Ismay, president of the International Mercantile Marine, and Joseph G. Boxhall and Charles Lightoller, surviving officers of the Titanic, may be one of the first developments in a civil action begun here today to recover for the life of a victim of the disaster.

The three men left the city and went to New York, ignoring summons issued by the district supreme court directing them to appear before a referee and testify in an action brought by Mrs. Louise Robbins of New York, the widow of Col. John Jacob Astors' valet, who was lost with the ship. The action is an unusual one in equity to preserve the testimony of the officers for a suit which may be filed later.

Ismay, Boxhall and Lightoller accepted service from a United States marshal and after a conference with attorneys boarded a train for New York.

The hearing which was awaiting their arrivals was abandoned.

Attorneys for Mrs. Robbins say they will ask the court for attachments to arrest the men in New York and return them to Washington to give testimony. Contempt proceedings against the attorneys who advised them are threatened.

Subpoenas have also been issued for Frederick Fleet, the Titanic's lookout, and Harold Bride, one of her wireless operators.

BOAT STRUCK A ROCK.

Three Men Drowned Near Iowa City Tuesday.

Iowa City, April 30.—Three were drowned and a fourth narrowly escaped death when the boat in which they were riding struck a rock just below the university dam here late today. The dead:

Frank Hotz, aged 43.
Edward Connell, aged 30.
Frank O'Brien.

According to Frank Cannon, aged 42, who was rescued after being thrown into the water, the men had been rowing the river for about one hour in an attempt to see how close they could get to the dam. When within 30 feet of it their boat struck a rock and in the swift current was overturned, the three being drowned before aid reached them.

NEGRO BOY SCOUTS.

Chicago, April 30.—A colored patrol today was admitted to membership in the Boy Scouts of America, marking the first time negroes have been taken into the organization. The company is officially known as "Evanston Troop No. 3," and was organized by William Edmonds of Evanston, a suburg. Application for membership was filed several months.

NEWS HELD BACK TWELVE HOURS

STEAMSHIP OFFICIALS KEPT PUBLIC IN IGNORANCE.

Story to That Effect Told by New York Importer—Refused to Give Name of His Informant—Inquiry Adjourns Until Friday.

Washington, April 30.—More life boats on trans-Atlantic liners and equipment of rafts that automatically would float clear of a sinking vessel, and the construction of great passenger steamers with double hulls and extended water tight compartments—all these reforms, it was indicated before the senate committee investigating the Titanic, would follow in the immediate future.

J. Bruce Ismay, president and managing director of the International Mercantile Marine company, told the committee that, in his opinion, this should be done. He promised to take up the question with the constructors of the big liners as soon as he returned to England.

A Recalitrant Witness.

The head of the most powerful shipping combination in the world shared interest in to day's hearing with E. J. Dunn, a New York importer. Mr. Dunn proved a recalitrant witness, for after telling of information he had received to the effect that the White Star line officials had received positive information of the Titanic disaster twelve hours before they had given it out, he refused to give the name of his informant.

Senator Smith insisted on knowing the name of the person responsible for the statement. Dunn said he had received it in confidence and had pledged himself not to divulge the name.

Summarily dismissed from the stand in charge of an assistant sergeant at arms of the senate, the witness spent most of the morning on the long distance telephone endeavoring to be absolved from his pledge. As a result of Dunn's testimony, Senator Smith dispatched two officers to New York to interrogate the officials of the Western Union Telegraph company, by whom was employed the man who said to have originally made the state. Late in the day he learned that the officers were having trouble in getting at the facts. As a result he announced he would go to New York and conduct the investigation himself.

Recess Taken.

The hearing to day came to an abrupt end when Senator Smith suddenly announced that the committee would recess until Friday. This, he said, was necessitated because the senate commerce committee, to which the members of the Titanic investigating committee belonged, was completing its work on the rivers and harbors appropriation bill. It was desired, he said that all members of the committee be present.

Engines Going Fast.

In the course of his testimony to day C. E. Henry Stengel, of Newark, N. J., a manufacturer and a survivor of the Titanic, testified that he had watched the speed of the ship particularly.

"When I went to be Sunday night about 10 o'clock I told my wife that the engines were going at an awful rate," he said. "Being a manufacturer I have a general knowledge of engines and it seemed to me that the Titanic's engines were being strained."

The remainder of Mr. Strengel's testimony related to the launching of life boats, the escape of himself and wife and incidents on the Carpathia.

Col. Gracie Testifies.

Col. Archibald Gracie told of the crash. He told of the efforts to induce Mr. and Mrs. Isador Straus to get into a life boat. Mrs. Straus refused to leave her husband.

"We waived the rule against men entering the boats," he said, "and urged Mr. Straus to go. He said 'No, I shall stay here and share the fate of the men.' Then we abandoned our efforts."

The witness told of assisting Mrs. John Jacob Astor into a life boat and Col. Astor's request that he be allowed to accompany her.

"Why did Col. Astor make the request?" inquired Senator Smith.

"I think because of the condition of Mrs. Astor," said the colonel, adding that he believed the officer who prevented Astor from going probably would have permitted it had he known.

Col. Gracie praised the bravery and discipline of the officers and crew. He also declared that the behavior of the men and women passengers was heroic.

TO AID GOOD ROADS.

Subsidy May Be Granted to Highways on Free Delivery Routes.

Washington, April 30—The house to day added the National Good Roads movement by passing a provision in the postoffice appropriation bill which would grant a subsidy to all highways used in the rural free delivery mail service. These roads would be divided in three classes with subsidies of $25, $20 and $15 a mile. It is estimated the cost the first year would be $16,000,000 to $18,000,000.

BIGAMIST SENTENCED.

Chicago, April 30.—A jury in Judge Kersten's court today found William H. Thompson, alias Drummond, guilty of bigamy, all of the testimony being heard, the verdict returned and sentence of from one to five years in prison passed in exactly two hours and 15 minutes.

EMPLOYES ARE HEARD FROM

LETTERS POUR INTO STATE BUREAU OF LABOR.

Many Signify Intention of Operating Under Provisions of New Workingmen's Compensation Law, While Larger Number Answer in the Negative.

Springfield, April 30.—An avalanche of letters from employes of labor throughout the state, relative to the workingmen's compensation law which goes into effect May 1, 1912, poured in upon the clerks in the office of the state bureau of labor statistics to day.

Secretary David Ross estimated that approximately 5,000 employers of labor have signified their intention of operating under the provisions of the new law, but the bulk of the letters received to day came from employers who declare they do not wish to come under the new law.

Under the provisions of the new statute, unless an employer files with the bureau of labor statistics before May 1, 1912, notice of an exception to the provisions of the act, such employer, either firm or corporation, becomes bound for one year by the provisions of the law.

Unless notices are filed with the labor bureau, all employers are automatically held to be under the operation of the new law from the time that it goes into effect. Employers are given thirty days from the date the act becomes effective to signify whether they chose to remain under its provisions.

Under the provisions of the act any employer who accepts its terms shall be required to pay as compensation for injury to an employe which results in death, providing such employe is survived by a widow, child, parents or other lineal heirs to whose support he had contributed within five years of the time of his death, a sum equal to four times the average annual earnings of the employe, but not less in any event than $1,500 or more than $4,500.

Provisions are also made for the payment of weekly sums in cases of injury not resulting in death. All compensation for death of injury is to be paid without any cost of litigation in the courts, the intent of the law being to do away with judgements in personal injury cases being eaten up by attorney's fees.

GENERAL CONFERENCE.

Large Gathering of Church Notables at Minneapolis.

Minneapolis, April 30.—Eight hundred and fifty delegates, including 21 bishops from the domestic and seven foreign fields who are said to constitute the largest assemblage of church notables of their denomination ever held, had arrived to night to attend to morrow the 25th quadrennial general conference of the Methodist Episcopal church.

The conference will continue for a month. As theoldest active leader Bishop Henry W. Warren of Denver, Colo., who was consecrated bishop in 1880, will open the conference.

Three delegates from Korea lead by Sang M. Yi of Seoul, in native dress, two delegates from Bombay, India, and one from Java, also in native dress, added to the universal character of the assemblage.

Among the 25 women delegates is Miss Italia Garibaldi, of Rome, a granddaughter of the Italian liberator.

To night the delegates were welcomed at a public demonstration presided over by Prof. George E. Vincent of the University of Minnesota and addressed by Governor Eberhart.

PROGRESSIVE TICKET.

Roosevelt Faction in Control of Pennsylvania Convention.

Harrisburg, Pa., April 30.—The Roosevelt faction, which expects to control the Republican state convention to be held here tomorrow, plans to name a complete progressive ticket. There were rumors of compromises tonight bu the Roosevelt leaders declared they will name the entire ticket.

The regular Republicans concede that the Roosevelt faction headed by former state Senator William Flinn will name the twelve delegates at large to the Chicago convention.

The Flinn leaders say that in addition to naming the entire ticket they will select the state chairman and Flinn as Senator Penrose's successor on the Republican national committee.

RIVER STILL RISING.

Cairo, Ill., April 30.—The guago here registered 46.4 feet tonight and the river is still rising. The water is again spreading over a large territory in Illinois, Missouri and Kentucky and farmers throughout the lowlands returned to their homes when the wate receded are again moving to higher ground.

Mills and factories in the drainage district are preparing to again cease operations because of the steadily rising water.

DR. PEARSON'S FUNERAL.

Chicago, April 30.—The funeral of the late Dr. D. K. Pearsons, who distributed $6,000,000 to small colleges during his life, was held in the suburb of Hinsdale to day. The body lay in state at the Hinsdale Congregational church from noon until 2 o'clock in the afternoon, while nearly the entire population of Hinsdale passed by the bier.

Burial was made at the Hinsdale cemetery, where Mrs. Pearsons was buried several years ago.

MANY IDENTIFIED BURIED AT SEA

HAD TO DISPOSE OF FIFTY-SEVEN BODIES.

Announcement Sent Shock Through Those Waiting at Halifax to Claim Bodies on Arrival of Cableship Mackay-Bennett—Only Five Women Among Bodies Recovered.

Halifax, April 30.—The cableship Mackay-Bennett, which came in with 190 of the Titanic's dead into Halifax to day first cast a gloom over the city by her mere presence as a funeral ship, then sent a shock through those waiting here for bodies with the announcement of her commander that 57 of those reported by wireless as identified had of necessity been cast again into the sea.

Yet none, not even the few here whose friends or relatives had thus been recommitted to the Atlantic expressed any criticism of Captain Lardner's action, believing him sincere in his explanation that lack of space on board, shortage of embalming material and the mutilation of bodies was solely responsible for his course. That there was no favoritism shown in the result, that is, that the bodies of prominent persons were not kept aboard to the exclusion of the more humble, is indicated by the White Star lines announcement that among those bodies sunk again was that George D. Widiner, the Philadelphia capitalist. Although this appears to be a mistake in that Mr. Widiner's son, now here, believes from Captain Lardner's description that the body was that of his father's valet, the name Widiner stands on the official list of reburial as issued by the White Star line to day.

The one great hope held out to the bereaved to night was that fact that there lay stretched in the rough pine coffins in the morgue sixty bodies for which there were no claimants. Some of these may yet be identified.

Eliminating Mr. Widiner's name from the list there remains so far as can be checked up from the data here, the name of only one first class passenger recommitted. He was Frederick Sutton of Philadelphia. Reginald Hale was among the second cabin passengers on the list.

Perhaps never was an occasion so fraught with gruesome aspects, marking a closing chapter of one of the greatest disasters on record, attended with more respectful silence and lack of morbid curosity than was the docking of the Mackay-Bennett to day. Not a half dozen of those actually concerned visited the pier proper and the general public contributed not more than 200. They stood in silence overlooking the terrace into the navy dock yard 300 yards away.

It was nearly 4 o'clock when the claimants of bodies began to arrive. Nicholas Biddle, of Philadelphia, who accompanied Vincent Astor went alone to identify the colonel's body, and it was the first prepared for removal to New York. The body of Isador Straus, a few moments later was turned over to Maurice Rothschild of New York and in quick succession with little or no ceremony the bodies of Frank D. Millet, the artist, J. A. Allison of Montreal and many others were given in charge of friends.

There are only five women's bodies among the unidentified, and as one of them appears to be that of a Swedish woman and the other four those of Italians, there is little hope apparent of recovering the body of Mrs. Isador Straus, who stayed by the ship with her husband.

One little child, a baby girl of about 2 years, lies among the unclaimed nameless and without a suggestion of who her parents were or are. Of all the bodies picked up her's was the only one that the waves bore without the aid of a life belt. She was found floating serenely, looking very much like a big doll.

Despite predictions to the contrary, nearly all the bodies bore indications that the victims had died swiftly, if not almost painlessly.

The result of the Mackay-Bennett's voyage may be summarized as follows:

Number of Titanic dead brought to Halifax, 190.

Number of identified dead brought to Halifax, 130.

Unidentified dead in morgue, 60.

Identified dead buried at sea, 57.

Unidentified dead buried at sea, 59.

Total dead buried at sea, 116.

Total dead found by Mackay-Bennett, 306.

QUIT CALOMEL

Thousands Are Turning From This Dangerous Drug.

A Safe Vegetable Substitute Is Olive Tablets for the Liver.

Dr. F. M. Edwards, a prominent physician of Portsmouth, Ohio, has discovered a new laxative and liver toner in a combination of vegetable materials, mixed with olive oil, which is in effect almost exactly like the old and untrustworthy calomel, except that there are none of the bad after effects of calomel.

Dr. Edwards has long been a foe of calomel, though he recognized its value along with its dangers.

His distrust of the uncertain drug eventually started him years ago towards experiments with the view of discovering a substitute, and he is to day in possession of the long-sought-for combination, which is in the shape of a little sugar-coated, olive-oil colored tablet.

The results of fifteen years' experience and practice are embodied in these marvelous little tablets.

They are called Dr. Edwards' Olive Tablets, and their effect on the liver has been the means of relief to many of Dr. Edwards' regular patients as well as to thousands of others who have suffered and were afraid of calomel.

They are gentle in their action, yet always effective. They bring about that exuberance of spirit, that natural buoyancy which should be enjoyed by everyone, by toning up the liver and clearing the system of harmful impurities.

10c and 25c per box.

"Every little Olive Tablet has a movement all its own."

BROTHERHOOD MET

Men of State Street Church Hear Interesting and Instructive Address on "Eugenics" by Dr. Carl E. Black.

The regular meeting of the Brotherhood of State Street Presbyterian church was held Tuesday night in the lecture room of the church, at which time Dr. Carl E. Black delivered a most interesting and instructive address on "Eugenics." Numerous charts were used by the speaker to show the influence of heredity and the importance of improving the inborn qualities of the human race. Statistics, which Dr. Black presented, showed that in the United States there were born into the world each year 2,500,000 children and that one half of that number die before they reach their twenty-third year. The speaker then produced figures to show haw many of those became criminals and burdens to society, the number being astonishing.

At the conclusion of the address T. M. Tomlinson, the president of the Brotherhood, expressed to Dr. Black the appreciation of the men for the excellent talk and the same was shown also by a rising vote. Elegant refreshments were then served and a half hour was spent socially.

ENTERTAINED AT WHIST.

Miss Rose Nelson entertained a number of friends recently at the home of Mrs. Walter S. Hill, 530 South West Street, in honor of Miss Mae Fort, who left Tuesday morning for Chicago. The hours proved most delightful and elegant refreshments were served. The hostess was assisted in entertaining by Mrs. Hill and Mrs. Margaret Richardson. Missville, but for the past five years has made her home in Chicago. She is a sister of Mrs. Walter Hill.

WANT GREAT COUNCIL.

Tribe of Red Men Seek Help of Business Men's Association in Securing Meeting.

Members of Delaware Tribe held a special meeting Tuesday night when plans were formulated relative to the great council to be held in Springfield, May 21. The local order is making every effort to land the state council for Jacksonville for the year 1913. Enthusiastic speeches were made by J. F. Brennan, Mayor Davis, A. B. Opperman, F. L. Gregory, J. H. Rawlings, William Anderson, Eugene Pyatt, G. V. Skinner and Frank Byrns.

A committee consisting of Frank Byrns, J. F. Brennan and Mayor Davis was appointed to confer with the members of the Business Men's association to be held this afternoon at 4 o'clock relative to getting the great council for Jacksonville next year. Mayor Davis already received a number of letters from tribes in various cities over the state stating that they would assist in bringing the state meeting here. This committee will report to the lodge on Thursday night. The tribe will take over a number of pale faces to Springfield on the 21st and with other candidates will put on the work, the famous degree team using the same paraphernalia and scenery as was used in Chicago.

HEARD IN FINE ADDRESS.

Miss Clara H. Towne Speaks on Binet System.

Miss Clara H. Towne, state psychologist, connected with the Lincoln State School for the Feeble Minded, at Lincoln, spoke last night at the State School for the Deaf, under the auspices of the Teachers' association of that institution. It was the April meeting of the association and the guests included teachers of the public schools and other institutions of the city, also ministers and physicians.

She gave a splendid explanation of the "Binet System" and had with her some of the smaller appratus for the measurement and detection of physical and mental developments in children. Her entire address was full of most helpful information and keenly appreciated. Miss Towne will remain in the city for a day or two and will give clinics at both the State School for the Deaf and for the Blind. She will be a guest at the School for the Deaf while here.

CAFE IS INVITING.

Attractive Furnishings and Decorations Will Add to the Popularity at Batz'.

The Batz Cafe and Annex for ladies on East State street is a restaurant of which Jacksonville may well be proud. For several years the cafe has held a place high in the regard of those who appreciate wholesome things to eat, promptly served and the annex recently opened will add greatly to the popularity of the place. The Annex is finished in blue and tan with pannelled walls and at one end in German script is the legend which translated means "A Cheerful Guest is No Man's Burden." Linoleum covers the floor, the tables and chairs are of mahogany and new furniture of the same kind has been placed in the cafe proper. The bill of fare at Batz is extensive, always ready to serve and the service will please the most exacting. You are cordially invited to call.

WILL SPEAK AT LIBRARY.

Dr. Arthur Black of Chicago has been secured for a lecture to be given Friday evening, May 17, at the public library. He will speak on his trip through Alaska, using the stereopticon to illustrate his address.

The Summer Fashion Book

of the justly celebrated Pictorial Review Patterns is now on sale in our store.

It even surpasses in artistic beauty and variety of designs the Spring Fashion Book.

The unmistakable Parisian air of distinction and chic characterizes every one of the new summer styles. Exquisite Lingerie Dresses, Beautiful Afternoon Gowns in Foulards and Taffetas, Charming Evening Toilettes Blouses—Dainty Creations of Lace in the new Casaque and Peplum Styles, etc., etc.

The regular price of the Fashion Book is 20 cents a copy, but every number contains a pattern coupon worth 15 cents, which will be exchanged for any 15-cent Pictorial Review Pattern, so that this beautiful book really costs you only 5 cents.

Don't Envy the Well Dressed Woman

--Be One--Use Pictorial Review Patterns

The words of commendation spoken to us by customers, old and new, since we took the agency for these justly celebrated patterns leads us to belive that their superiority over all others was pretty generally known even before we began to advertise their worth. We consider Pictorial Review Patterns the most important addition we have ever made to our stocks. When a woman begins using them, all other patterns cease to exist to her. Pictorial styles are absolutely unapproachable. Pictorial Patterns are the most complete in construction—a boon to the home dressmaker.

Here Are a Few Features Worth Remembering About Pictorial Review Patterns.

You can save double the cost of each pattern in time, labor and material. They are the only patterns having cutting and construction guides. Waste and spoiling of material is absolutety impossible; it is also impossible to mix up the parts. Dressmakers everywhere will tell you they are the most perfect patterns ever invented.

The largest department stores in New York, Chicago and St. Louis have discontinued all other patterns for the Pictorial Review Patterns. There can be but one conclusion drawn from the manner in which they have swept the country, and that is they are absolutely without equal

INVOLVES LARGE ESTATE.

Mrs. W. T. Cox Has Renounced Will of Her Husband—Application Made to Have Conservator Appointed For Her.

W. N. Hairgrove will go to Waverly this morning on business connected with the estate of the late W. T. Cox. Mr. Cox left an estate valued a little more than $130,000 and by the terms of his will his wife, Mrs. Emily Cox, was given about $5,000 in personal property and the use of some real estate in Waverly for life. Acting upon the advice of Mr. Hairgrove, her attorney, Mrs. Cox decided to renounce the will and by this action take her share in the estate according to law. This will give her one-third of the personal property and one-third of the real property for life, besides her homestead rights and widow's award. It is estimated this will make her income from $1500 to $2,000 a year. Since notice of the renunciation of will has been filed, Geo. Alderson, a grandson of Mrs. Cox, has filed an application in the county court to have a conservator appointed for her and it is with reference to this matter that Mr. Hairgrove will see Mrs. Cox today. The Cox estate, according to the inventory filed, includes the following:

MAY DAY EXERCISES AT ILLINOIS COLLEGE.

The May Day Fete at Illinois college this year promises to be ahead of anything of its kind yet held on the hill. Miss Lee, instructor of the Hinman Dancing Academy of Chicago, is here training the students. She is teaching the correct dances and the original costumes and over 100 people will be included in the dances. A large platform will be arranged on the campus and the entire premises will lend a most inviting aspect. It is planned that parts of the play, "Twelfth Night," given by the Illinois College Dramatic club, will be included in the afternoon's program, and that the club will not give the performance in the evening.

CAR SHOPS CLOSED FOR A DAY.

The car shops closed down yesterday but only for twenty-four hours and work will be resumed again today. T. J. Kendrick said yesterday that the past month had been the best at the shops for more than a year as work has gone ahead steadily with the one day exception.

CHANCERY NOTICE.

In the Circuit court thereof to the May term A. D., 1912.

Alice Fernandes, Edna Fernandes and Virdie Fernandes vs. Nancy Fernandes, Jenette Fernandes, Annabelle Fernandes, Elsie May Fernandes, George Smith and Joseph DeFreitas.

Affidavit of the non-residence of Nancy Fernandes, Jenette Fernandes, Annabelle Fernandes and Elsie May Fernandes, part of the defendants above named, having been filed in the office of the circuit clerk of Morgan county, notice is hereby given to the said Nancy Fernandes, Jenette Fernandes, Annabelle Fernandes and Elsie May Fernandes that the complainants filed their bill of complaint in said court on the chancery side thereof on the 10th day of April A. D., 1912, and that a summons thereupon issued out of said court against said defendants returnable on the 13th day of May, next, 1912, as is by law required, and that such suit is now pending.

Now, unless you, the said Nancy Fernandes, Jenette Fernandes, Annabelle Fernandes and Elsie May Fernandes, shall personally be and appear before said circuit court of Morgan county on the first day of the next term thereof to be held in the City of Jacksonville in said county on the second Monday, being the 13th day of May, 1912, and plead, answer or demur to said complainants' bill of complaint, the same and the matters and things therein charged and stated, will be taken as confessed and a decree entered against you according to the prayer of said bill.

John A. Rawlings, Clerk.

George L. Merrill, Complainants' Solicitor.

Dated April 10, 1912.

CLEANING UP DEPARTMENT.

Chief Woods has the men of the fire department busy house cleaning. Yesterday the men washed the walls of the room where the engines and other apparatus are stored and the result is that they look as if painted anew. The cleaning up program is to be carried on all through the fire department and everything will be put into first class condition. The ceiling of the main room is to be painted.

COUNTRY CLUB OPENING.

As already announced the Jacksonville Country club will open for the season Friday night, May 3. There will be no special program, the arrangements being just in like with other Friday night events. The club grounds are being put into fine condition and F. E. Farrell, who has been on several links this year, says the Jacksonville course is the best he has seen.

DOUBLE CELEBRATION

Honors Paid Mrs. Ellen Crowe and Mr. William R. Routt on Occasion of Their Eightieth Birthdays.

A double celebration, in the nature of a reception in honor of Mrs. Ellen Crowe, mother of Very Rev. J. W. Crowe, and Mr. William R. Routt, who completed their 80th year last month, was held in the auditorium of Routt college Tuesday evening.

Since the founding of Routt college a celebration known as "Founder's Day" has been held on April 1, the birthday of Mr. Routt, but as the date this year occurred during Holy Week the celebration was postponed until the last of the month and it was also made a double celebration of the birthdays of Mrs. Crowe and Mr. Routt. Tuesday afternoon the children of the Parochial schools went to the rectory in a body where the girls presented Mrs. Crowe with a large bouquet of flowers and the boys presented Mr. Routt with a large bouquet. At 5 o'clock Tuesday afternoon at the rectory a dinner was served to the members of the two families and a few invited friends.

Quite a large number gathered in the auditorium of the college in the evening for the public reception which was held at 8 o'clock. The program opened with a piano solo by Miss Edna McBride and was followed by a duet by Miss Frances and M. Butler, after which a selection was given by a male quartet. Congratulations were then extended to the two guests of honor by Miss Helen Butler for the academic department of the college and by Luke Mandeville for the students in the collegiate department. Each spoke of how deeply the students of the institution are indebted to Mr. Routt, who made the building of the college possible and also to Mrs. Crowe, mother of the president of the institution, and closed their remarks by wishing both many more years of happiness and the enjoyment of many more such occasions.

Mr. and Mrs. Terrence Brennan then gave a vocal duet after which Father Crowe introduced Rev. Dr. Howard of Springfield, an old friend, with a request that he give his definition of such an occasion. In the course of his remarks Dr. Howard spoke of the hardships that were encountered during the early days, when both guests of honor were young, and said that the young look forward to the future with hope, but that the old find pleasure in looking backward over the years that have passed and in thinking of the time when they shall cross to the other shore where they have more friends than here. "One," he said, "has given three priests and two nuns to God and Mr. Routt first gave his fidelity and reverence to God and then made possible the building of this fine college. In my opinion Jacksonville is the best appointed city in the diocese for the continuance of religion and before I die I hope to see this the Catholic university city of central Illinois."

Father Crowe then thanked those in attendance for their presence and their kind remembrances, the members of the clergy, all who took part in the exercises, the Sisters and the children of the Parochial school for what they did to make the celebration a success. He then explained the reason for changing the date of the celebration this year and said that he thought it proper that the celebration should be a double one in honor of Mr. Routt and Mrs. Crowe. Concluding he said: "They know the meaning of life and measure it according to its own standards. This entertainment was not meant for anybody's glory, it was meant to apply the principle of reverence to those who are our superiors, especially to those who are parents and benefactors. I wish the guests of honor many more birthdays and hope that if they reach the century mark, which they bid fair to do, they will not forget the 80th milestone."

A selection by the chorus completed the program and the reception followed. Following the reception the present and former students of the college enjoyed a dance.

The decorations were most fitting for the occasion. Above the platform was a large electric sign with the years 1832-1912. Carnations, red roses and gladiolas were used to pretty effect.

Among those present from out of the city were Rev. Joseph Crowe of Chicago, Rev. D. Crowe of Kewanee, and Miss Loretta Crowe of Chicago, children of Mrs. Crowe; Rev. Dr. Howard of Springfield, Rev. Fr. Cronan of Virginia, Rev. Fr. Maguire of Franklin and Mrs. Howard of Philadelphia, Pa.

DEATHS AND FUNERALS

Bateman.

The funeral of Mrs. Robert Bateman was held at 2 o'clock Tuesday afternoon from the Christian church in Literberry, in the presence of a large gathering of relatives and friends. The services were impressively conducted by Rev. C. G. Cantrell, who paid a fitting tribute to the beautiful Christian life of the deceased. A quartet composed of Mrs. Albert Crum, Mrs. W. H. Crum, J. A. Liter and J. S. Hitchens, with Mrs. H. D. Crum at the piano, sang "Come Unto Me," "Is It Well With My Soul" and "Lead Kindly Light." The many beautiful flowers were kindly cared for by Miss May Myers, Miss Lora Petefish and Mrs. Harry Martin.

Interment was in the cemetery at Arcadia and the bearers were Albert Crum, W. H. Crum, Luther Cooper, Oscar Petefish, David Parks and Louis Maul.

Reardon.

The remains were laid to rest in Calvary cemetery and the bearers were Michael Robinson, John Robinson, James Ring, Thomas Maloney, and James Meyers.

Eden.

Word has been received in the city of the death of Miss Lavina J. Eden, for many years a teacher at the State School for the Deaf, who passed away at Mercy Hospital in Des Moines, Iowa, Monday, April 29. She was granted a leave of absence from the institution last September and underwent an operation at Passavant hospital. Last December she had so far recovered as to be able to go to Des Moines, but she was only there a short time when she entered the hospital, where she underwent another operation.

Miss Eden was born in Illinois May 20, 1850, and entered the State School for the Deaf in this city as a student in October, 1859. She graduated from the institution in 1871 and for two years served as assistant matron. In 1873 she was appointed a teacher and held that position until her death, having been in continual service for thirty-eight years. She was one of the most valued teachers of the local institution and during her thirty-eight years of service more than 700 boys and girls passed through her hands. Not only in school was her influence felt, but also in general life she was a most refined and cultured lady. She is survived by one sister, Mrs. Mary E. Hunt of Des Moines, Iowa, one brother, John, who is in business in Joliet, Ill.

Funeral services will be held today from the home of her sister in Des Moines, Iowa. The teachers of the School for the Deaf sent a beautiful floral tribute.

TO COLLECT DATA ON WATER SUPPLY

Engineer Paul Hansen of the State Water Survey Arrives in City to Investigate Local Conditions.

Jacksonville's water supply is to undergo another investigation. Engineer Paul Hansen, who comes under orders of Director Edward Bartow of the State Water Survey, arrived in the city Tuesday afternoon over the Wabash.

As has been previously mentioned, the state legislature recently appropriated several thousands of dollars for use in investigating the various water systems of the country. The State Water Survey is not under the jurisdiction of the state university at Champaign but it works in conjunction with the university, all the laboratories and other equipment being at the disposal of the state survey.

Mr. Hansen is here for the purpose of collecting data relative to the local water supply and of making recommendations. His visit in the city will be guaged according to the amount of time necessary to obtain real facts on the situation.

When asked concerning his presence here he stated that there were several reasons why he was in Jacksonville. He said that the State Water Survey had received a number of communications from the various state institutions here, stating that something ought to be done to give them a better grade of water and to ward against dangers of a water famine in the dry season. The institution authorities felt that they had waited long enough and some immediate action should be taken.

Mr. Hansen also stated that Dr. Bartow had received a communication from the Morgan County Medical society, asking if in some way they could not lend assistance in giving Jacksonville better and purer water, fearing that a continuation of the present water supply would occasion the presence of an epidemic of typhoid fever or other diseases brought about by a contaminated water supply. Letters from individuals residing here had also been received asking for advice and seeking some remedy from present conditions.

In speaking of his many experiences relative to impure water and typhoid fever, Mr. Hansen remarked that there were so many ways in which an impure water system could cause such a disease that various cities each had their own problem to solve and the conditions were not always the same. He said that there was no city, however bad its water was reported unfit for consumption, but what some of the people used it for drinking purposes and that oftimes among the better class, although confined more to those who did not give much weight to the matter and because the water looked pure drank it anyway.

When asked about tests which had been given the water here from the various sources at different times, Mr. Hansen stated that a test, in order to be of the very best, should cover a period of several times during the year. This week a supply of water might show a good test and the next week be contaminated through some overflow water or in some way water, different from that of the original source, getting into the mains. Surface water of all waters is to be feared, said Mr. Hansen, and even though perfectly filtered might still be of an injurious character, and contain germs of an injurious nature.

The mission of the State Water Survey is wholly of an advisory nature, said Mr. Hansen. The survey have no power to force any city to change their water supply. The state water survey has at their command a corps of efficient men who are experts in the busy of looking into the sources from which cities derive their water and of offering suggestions of just how bad conditions can be remedied. Other cities besides Jacksonville are seeking help along this line but the facts ascertained of the Jacksonville water supply were of such nature as to warrant an acceptance of the invitation to come here and look the ground over.

In collecting data Mr. Hansen will seek the support of the city council, various records and personal observation of the entire water system. He will also consult business men who are acquainted with the facts in the case. The first report made by Engineer Hansen will be to Director Edward Bartow. There is a possibility that enough data can be secured that a preliminary report can be made at this time. If such is not the case Mr. Hansen will return later to the city with a corps of men and further investigations will be made. He expressed the desire last night that he hoped all the citizens would unite in an effort to put Jacksonville on the map as a city known for its pure water, an item of no small consequence in naming the valuable assets of a desirable place in which to reside.

SOCIAL EVENTS.

Last evening at the home of Miss Dorothy Henze, 839 North Church street, a very pleasant event took place. The affair was in honor of Miss Laura Luken, who is soon to be married, and she was the guest of honor and was accompanied by her sister, Miss Carrie.

The affair was the especial effort of the Luther Walther Circle of the Evangelical Lutheran church and was a fine success all around. A goodly number of young ladies attended and the evening passed most delightfully. A large number of useful articles in the way of linen were gifts to Miss Luken and were fully appreciated. The time was pleasantly spent in games, music and various pleasant pastimes and an elegant supper rounded out the evening in perfect style.

A bride's contest and a telegram contest afforded no little amusement, prizes in these being won by Misses Cornelia Weigand and Laura Luken. In the animal game Miss Alma Weigand was the winner and Miss Rosie Osterholt received the consolation prize. Another contest highly entertaining was named for the bride and groom and the prize was won by Miss Carrie Luken, while consolation was given to Miss Helen Osterholt.

In the dining room, where the elegant three-course supper was served, the decorations were in red and white, the class colors. Streamers leading from the chandeliers to each plate and a beautiful center piece contributed much to the decoratvie scheme. The place cards were hand painted.

Miss Martha Lindeman assisted Miss Henze in entertaining.

Few young ladies are as popular, widely respected and at the same time so accomplished and useful as Miss Laura Luken and the one who wins her heart and hand and the community in which she lives will be fortunate indeed.

Mrs. Byron S. Gailey entertained the Bridge Luncheon Club Tuesday afternoon at her home on West State street.

RECEPTION TO PASTOR.

White Hall, April 30.—Rev. W. R. Johnson has been serving as pastor of the First Baptist church at White Hall since January 1 and the success that has attended his incumbency was given added glory to night by a reception at the First Baptist parsonage by his congregation to the number of over two hundred. It was a May basket party, the guests taking presents and refreshments in May baskets, and thus was tendered to Pastor Johnson and his young bride a most flattering endorsement of the esteem in which they are held. Rev. Mr. Johnson is a member of the fifth generation of the Johnson family that represents an unbroken line of Baptist ministers in this section. The originality and magnetism of the early Johnsons are typified in the present representative.

White Hall has two flourishing Baptist churches, the second one being known as the Tabernacle Baptist church, of which Rev. J. G. Raines is pastor. Rev. Mr. Raines is financial secretary of the Baptist State convention and editor of The Orient, a monthly periodical devoted to missions of this branch of Baptists in Syria and Persia. It has a wide circulation and is published at White Hall.

MATRIMONIAL RECORD

Boden-Roedersheimer.

Miss Gertrude Roedersheimer of this city and Mr. Richard F. Boden of St. Louis were united in marriage at 8 o'clock Tuesday evening at the home of the bride's parents, Mr. and Mrs. J. Roedersheimer, 670 Caldwell street. The ceremony was impressively performed by Rev. Clyde Darsie, pastor of Central Christian church, in the presence of a few immediate relatives and friends.

The bride was becomingly attired her dress being of embroidered voile trimmed in Irish crochet and Cluny insertion. She wore in her hair orange blossoms, which were the gift of a friend in California, and carried a beautiful boquet of bride's roses.

The home was attractively decorated in lilacs and spring flowers and following the ceremony an elegant wedding supper was served. The young people received many nice presents, consisting of hand painted pictures, silverware, china and cut glass.

The bride is the younger daughter of Mr. and Mrs. J. Roedersheimer. She received her education in the public schools of the city, graduating from the high school in the class of 1904. She is a young lady of charming manners and pleasing personality and by reasons of her many splendid qualities has endeared herself to a host of friends, who will unite in the extending of hearty congratulations. She is a member of the Philathea circle of the Central Christian church.

Mr. Boden is a mechanical engineer in St. Louis. He is a young man of splendid character, being held in high regard by all who have made his acquaintance.

Mr. and Mrs. Boden left last night over the Wabash for Pittsburg, Pa., to visit with relatives of the groom. Upon their return they will reside in St. Louis. A number of their friends accompanied them to the station and showered them beautifully with rice as they started on their journey.

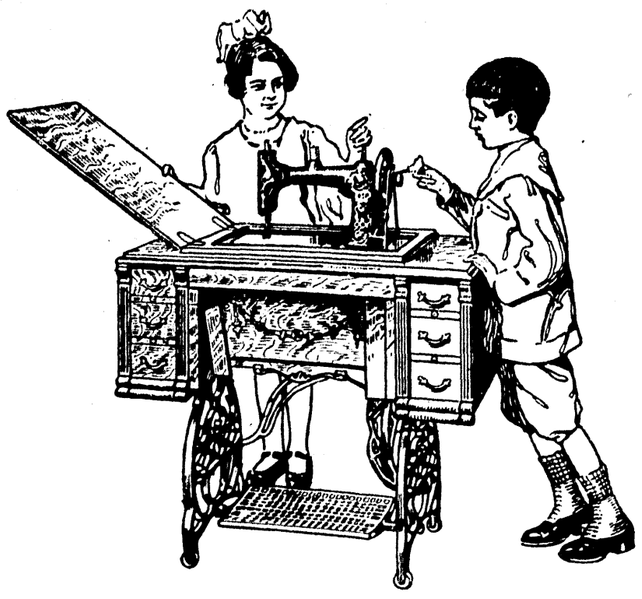
The White Sewing Machine

Runs Light and Sews Right

The Time for Spring Sewing Is Here

How is Your Sewing Machine?



When sewing time comes on you are apt to have your hands full—so full in fact that you do not want interruption of any sort. You are not looking for any break-downs, and it is easy to imagine the state of your feelings when they occur.

But how are you going to avoid them? Let us tell you—buy a high grade WHITE.

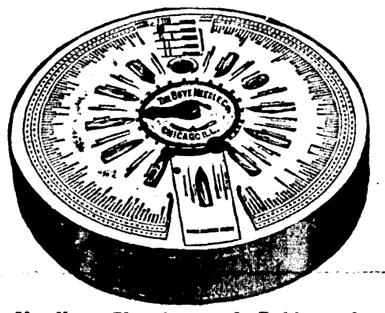
In buying the WHITE we give you the advantage of choosing from two movements—vibrating or rotary shuttle. The rotary shuttle has the two-in-one stitching feature; in other words, it does lock or chain stitching at the will of the operator. In a sense it is two machines in one.

Out of the many twentieth century improvements of the WHITE, such as ball bearings, pinch tension, tension releaser, etc., etc., we call attention to the most striking one, and one that is found on no other machine—the WHITE TENSION INDICATOR. It is the essence of simplicity. It shows the exact state of the tension at a glance. The tension can be changed to a desired point on the Indicator, tightened or loosened by a simple twist of the wrist.

We have a special operator here all the time and will be glad to show you the many advantages of the WHITE.

We have sold hundreds of them in and around Jacksonville, that are proving a source of satisfaction and delight to the owner and we want to place one in every home in this county.

NEEDLES, BELTS, BEST OF OIL, OIL CANS and all extras for machines at lowest prices.



Needles, Shuttles and Bobbins for use in All Makes of Sewing Machines.

White Machine from $25 and Up, Others from $12 to $$20

We do not bore you with house to house canvassing, that costs lots of money. We sell you machines at bottom prices, giving you the greatest possible value for your money.

EARLY SETTLERS OF JACKSONVILLE

Photographs of Those Prominent in History of City Are Preserved at Public Library—Valuable and Interesting Collection.

Among the books, papers and periodicals found at the public library pertaining to anything of local interest, none perhaps is of greater interest than a collection of photographs of the early settler of Jacksonville and of those who have been prominent in the life and growth of the community.

This "Old Settlers' Album" is a valuable book as well as a most interesting one, containing three hundred or more photographs of the men and women, who have contributed to the material and moral welfare of the city, among them being Rev. J. M. Ellis, who founded the first Presbyterian church in the city; Dr. J. M. Sturtevant, first president of Illinois college; Mrs. Carson, who kept the first hotel and was the mother of the first child born in Jacksonville; Mrs. Ellen Rearick, the first girl born in the city; Peter Akers, the pioneer preacher; Richard Yates, the war governor; Gen. B. H. Grierson, leader in the famous Grierson raid; D. Reeves, who with his father started the first blacksmith shop, swinging the bellows between two trees and putting the anvil on a stump; Mother Prentice, angel of mercy; Prof. W. D. Sanders, Prof. Jonathan B. Turner, Prof. Tanner, Dr. Samuel Adams, Prof. Edward Bullard, Prof. R. C. Crampton, Rev. J. M. Ellis, D. W. Fairbank, Dr. P. G. Gillett, M. Grosvenor, Prof. R. Nutting, Rev. J. B. Fairbank, Rev. W. W. Harsha, who contributed to the educational and religious life of the city; Marshall P. Ayers, J. S. Anderson, W. H. Broadwell, T. Chamberlain, Stephen Dunlap, John Goltra, Henry Hall, John Hockenhull and I. D. Rawlings, representing the business interests, and others of equal prominence and worth.

The photographs of these best and truest citizens of the town not only afford opportunity to study their faces, but it is also interesting to note the expressions and features which have been transmitted to their descendants, who to day are active in the life of the community The changes in the style of dress through passing years is also very marked. Additions to this collection could well be made as no doubt there are persons who have photographs of prominent persons of Jacksonville not represented in the album. Those, whose photographs appear in the album, are the following:

Stops Neuralgia Pains

Sloan's Liniment has a soothing effect on the nerves. It stops neuralgia and sciatica pains instantly.

Here's Proof

Mrs. C. M. Dowker of Johannesburg, Mich., writes:—"Sloan's Liniment is the best medicine in the world. It has relieved me of Neuralgia. Those pains have all gone and I can truly say your Liniment did stop them."

Mr. Andrew F. Lear of 50 Gay Street, Cumberland, Md., writes:—"I have used Sloan's Liniment for Neuralgia and I certainly do praise it very much."

As "Ed" Howe Sees Life

Only a few men are ruined by great offenses; but most of us are sufferers from petty follies.

Men are always talking of the hard fight they put up for the right. The hardest fights are usually put up for wrong.

Our most useful and respectable business men are these days looked upon with suspicion which characterized Jewish bankers in the days of "Ivanhoe."

There is one compliment that a man always pays himself; that he is well posted.

Occasionally there is a man who should watch himself with more care than he watches others.

On the faces of a good many women you see a look indicating that while they do not know the truth, they half way suspect it.

There are men who can be bought, but their prices are low; they are not picked men who have worked their way to positions of honor and profit by honest methods.

Men have been able to put a declaration into the constitution that one man is as good as another, but they have never been able to put it into practice.

When a political convention meets, the delegates always look for a real artist to paint the scenery; they call it writing the platform.

They say there is nothing new under the sun. How is this: A lumber man failed the other day. They nearly always get rich.

ENTERTAINING PLAY

Members of Amoma' Class Present "Blonde Woman in Black" at Baptist Church Under Direction of Miss Hopson.

"The Blonde Woman in Black," a very entertaining play, written and directed by Miss Katherine Hopson of Waverly, was given Tuesday night at the First Baptist church before an audience of fair proportions. Miss Hopson has written a number of plays and has met with much success in directing them. The musical specialties were very good, each number being much enjoyed. The cast of characters was as follows:

Margaret Winthrope, a pensive young widow—Miss Elsie Reed.

Daisy Smith, a girl of the butterfly type—Miss Grace Hoffman.

Eleanor Smythe, an ardent suffragette—Miss Florence Rhodes.

Dick Ellis, greatly interested in geneology—Mr. Audrey Larson.

Richard Bradshaw, a dignified young doctor—Mr. Clair Carter.

Lloyd Barton, a modern knight errant—Mr. Ordain Fox.

Travelers at Station.

Traveling Man—Mr. Frank Caldwell.

OBJECT TO COMIC SUPPLEMENT

Des Moines, Iowa April 30—Steps to abolish the comic supplement in newspapers and the substitution of art pictures will be taken by the International Kindergarten Union, the annual meeting of which opened here to night.

Miss Mary H. Waterman of New York, declared that one paper in that city already had been induced by the Union to take such action. Supervisors of Kindergartens to day decided to ask the superintendents to extend the work of the Kindergarten through the first three years of regular school work, declaring that it would give the child a better start in his educational career. Dr. H. V. O'Shea of Madison, Wis., delivered the opening address at the meeting to night.

WANT A "HOUN" DOG.

Chicago, April 30.—The Hawkeye Fellowship club of Chicago, composed of former Iowa residents, today began search for a "houn" dog of the Missouri variety. O. J. Laylander, chairman of the committee which is planning for a large reception and banquet of Iowans to be held May 24, made known the wants of the club members.

"It's going to be a presidential dinner," said Chairman Laylander, "and all candidates, including Taft, LaFollette, Roosevelt, Wilson, Champ Clark and the 'dawg' will be on hand. We have completed arrangements for all but the 'dawg' and are having some difficulty in finding a true houn 'dawg.'"

CROSS ROADS.

C. E. Taylor spent Saturday in the city.

C. W. Watson fired two shots at a very large grey wolf Friday morning. The wolf visited Mr. Watson's sheep and found the only little lamb that was with the flock and killed it, but never bothered the old sheep. The wolf has been seen by a great many of the neighbors. We hope that some one will get to kill it as it can do a great deal of damage to the little lambs.

Miss Anna Scott of Pleasant Plains and Mrs. Dr. Amy Lyons of Watsonville, Calif., visited their brother, J. H. Scott, last week a few days. Mrs. Lyons will leave for California the first day of May. Her husband, Dr. Lyons, will meet her in Oakland, Calif., and accompany her home.

Mrs. William Vasey who has been very sick the past month, was able to go to Jacksonville last Thursday with her daughter, Mrs. Thomas Young. We are glad to know that she is able to be out again.

Wilber Hembrough attended the concert at Woodson Saturday evening.

J. H. Scott and wife attended the funeral of their uncle, Sam Brockman.

L. R. Watson and wife, J. H. Scott and wife attended the concert at Woodson Saturday evening.

Mrs. George Barnheart visited her sister last Wednesday, Mrs. Joseph Helliwell.

Miss Agnes Megginson visiter her sister, Mrs. Carl Hembrough, last Thursday evening.

Mr. and Mrs. Thomas Hembrough was shopping in the city last Thursday getting paper for the whole house, as they have had scarlet fever. Will also fumigate before they paper.

Mrs. Lloyd Magill was a Saturday visitor in Jacksonville.

Harris Simons and C. W. Watson were calling on Cross Roads neighbors Wednesday evening.

CONCORD.

Dr. J. A. Day was called professionally with Dr. Streuter of Arenzville to consult over Mrs. William Deterding, who is seriously ill, but who was reported better Monday.

Mrs. John Filson returned Saturday from a visit with her cousin, Mrs. Emma Moore of Canton.

We were saddened to learn of the serious illness of Lemuel Craig, formerly of Jacksonville, but now of Minneapolis, Minn.

Mrs. Fulks, nee Miss Orwig, of Frederick, visited her friends, Mesdames G. S. Lewis and Lee Filson, recently.

Miss Wooddard of Chapin visited her sister, Mrs. Wenger, recently.

Judge O. P. Thompson of Jacksonville was in Concord Thursday.

Mrs. Vera Liversey is visiting in Davenport, Iowa.

Mr. and Mrs. William Zahn spent Saturday in Jacksonville.

Randolph Ball and sister, Mrs. Vera Harmon, and Miss Thessie Webster, went to St. Louis Monday morning.

Dr. Anderson was a Jacksonville visitor Monday morning.

Mrs. Charles Mullens visited relatives in Winchester over Sunday.

Miss Fannie Richardson of Beardstown returned home Saturday after visiting her sister, Miss Nettie, who underwent a serious operation recently, but is improving nicely.

Misses Mary Higgins and niece, Helen Kennison of Winchester are here Saturday enroute for Jacksonville. Helen had the misfortune to fall on the concrete walk while jumping the rope fracturing the upper arch of her mouth and also lose two of her permanent incisors.

NONE HONEST.

Almost every day one sees or hears of lessons teaching the folly of indiscriminate giving and the wisdom of bestowing all one has to spare through channels which are known to be safe.

A well known gentleman recently gave the writer his experience in this line.

A man appeared at his door and claimed to be a minister on his way to an appointment and expected to get ministerial rates on a certain road and found he would be unable to do so and would be very thankful for a loan just for a few days; something he was not in the habit of asking, but he happened to be in a peculiar condition just then and so the gentleman accommodated him and found later that the fellow was not a minister at all and had worked a number the same way.

Another young man went to him and wept profusely saying he had to settle with his employer for accounts collected and had used a part of the money and if discovered he would be ruined all for the lack of $5. The kind hearted man helped him and the young fellow never manifested any desire to refund.

Another experience was peculiar. A young man called on him and said he had been delivering some goods and had used a little too much of the money and must have $5 or he was ruined. He too wept like a child, begged for help, saying he would send a little each week right along till it was paid. The money was loaned, the young man disappeared and none of the pay has been seen.

G. W. Crabtree of Roodhouse was among the business visitors in the city yesterday.

WOODSON.

Mrs. Charles Jones, Miss Carrie Campbell, Miss Kathryne Wilson, all of Lynnville, were guests of Dr. and Mrs. R. R. Jones Saturday and Sunday.

Mrs. Martha Masters and Miss Mary Bell of Jacksonville spent Sunday at the pleasant country home of Mr. and Mrs. Jesse Henry near here.

Miss Lyndall Rea of Murrayville spent Sunday with Miss Jone Gallagher.

Cyril Wardle of Jacksonville visited his brother Oswald Sunday.

Jesse Henry of East St. Louis visited his parents, Mr. and Mrs. C. E. Henry, part of last week.

Mrs. Charlie Deweese and little daughter of Odell are spending a few days with her parents, Mr. and Mrs. J. W. McAlister.

The musical comedy, "O Ye Funny Folks," by L. Foster Hitte, was given by the Choral society of this place in Colton's hall Saturday evening to a large and appreciative audience.

Miss Florence Fox of Jacksonville has been engaged as principal and Miss Meda Gallagher as primary teacher of the school in this village for the ensuing term.

The Woodson Choral society will give their musical comedy, "O Ye Funny Folks," by L. Foster Hitte, in Carlson's hall in Murrayville, Friday evening, May 10, 1912, at 8 o'clock. Everybody invited to attend.

Word was received last week by Mr. and Mrs. John R. Smith of the marriage of their son, Oliver E. Smith, in Los Angeles, Calif., where he has been residing the past few years. The many friends here join in extending congratulations to Mr. and Mrs. Smith, whose wedding took place April 17, 1912.

Miss Iva Greene of Asbury neighborhood visited at the home of her grandmother, Mrs. Julia McAlister, the past few days.

About thirty members of the Unity Workers of the Presbyterian church met at the home of Rev. and Mrs. Edwin Harris on Thursday of last week for an all day meeting. A business meeting was held in the afternoon and officers elected as follows: Mrs. William Colton, president; Mrs. John Hoagland, vice-president; Mrs. William Russel, secretary; Mrs. Joyce Sooy, treasurer; Mrs. John Baxter, assistant treasurer; Mrs. John Hoagland, organist.

WOMAN'S CLUB BREAKFAST.

Tickets for the Woman's club breakfast, Saturday, May 11, are now on sale at Badger's, Brown's Music store and Douglas'.

AT NICHOLS PARK.

Everything is looking green and attractive at this resort and the effort will be all the time to make it look better. A great many flowers and shrubs have been set out and are doing finely.

No fishing until June 22 at noon.

All efforts will be made to have good order and all will be welcome at any time if they conduct themselves properly, but the park will not be formally opened for a time yet as the weather is too unfavorable for summer amusements. Due notice of the date of opening will be given when it is decided on.

Howard Wood made a business trip to Beardstown yesterday.

EXECUTOR'S NOTICE.

All parties indebted to said estate are requested to make immediate payment to the undersigned.

Dated this 1st day of May, A. D. 1912.

Ollie May Reid,
Executrix.

Pretty Mothers

Health is the foundation of all good looks. The wise woman realizes this and takes precautions to preserve her health and strength through the period of child bearing. She remains a pretty mother by avoiding as far as possible the suffering and dangers of such occasions. This every woman may do through the use of Mother's Friend, a remedy that has been so long in use, and accomplished so much good, that it is in no sense an experiment, but a preparation which always produces the best results. It is for external application and so penetrating in its nature as to thoroughly lubricate every muscle, nerve and tendon involved during the period before baby comes. It aids nature by expanding the skin and tissues, relieves tenderness and soreness, and perfectly prepares the system for natural and safe motherhood. Mother's Friend has been used and endorsed by thousands of mothers, and its use will prove a comfort and benefit to any woman in need of such a remedy. Mother's Friend is sold at drug stores. Write for free book for expectant mothers, which contains much information.

GOLD DUST makes hard water as soft as rain water

Every good housewife knows the value of nice, soft, rain water for washing clothes and for all cleansing purposes. It isn't always convenient to secure rain water, however. Neither is it necessary. **Gold Dust** will soften the hardest water, and make it so near like the water that falls from the clouds that you couldn't tell the difference.

Think what this means to you on wash day. There's a deal of difference between the action of hard and soft water for all cleansing. Just a little **Gold Dust** added to the water renders it soft and brings out the greatest cleansing value.

Try it the next time you wash clothes or dishes.

Gold Dust really cleanses so easily that it relieves housework of all its drudgery.

Gold Dust is sold in 5c size and large packages. The large package means greater economy.

CORN IS KING

AND MORGAN CO UNTY IS HIS CAPITOL.

He is at home here. His subjects understand him and like him. He gives them every year full and satisfactory returns for all they do for him. Morgan county land costs money, but it is worth it. Land elsewhere can be bought cheaper, but it is worth less, and you never know when it is going to fail you. Morgan county crops never fail.

The best known real estate man in Morgan County.

For sixteen years we have talked this and nothing but this: Stay with the dirt you know. Keep your farm; or, if is too small for you, buy a larger one that you know all about.

We can sell you the farm; and we can get you all the money you need to pay for it—home money—Morgan county money—money that has been made, grown if you please, in Morgan county dirt, and that is not afraid to go back into it.

We have confidence in Morgan county land, and the money-owners of Morgan county have confidence in us, and for sixteen years the combination has been working well. We have always had the money to lend, and our money clients have never lost a dollar nor had to foreclose a mortgage of a farm.

REO REO REO

From the design of the engine to the final test of the complete car—every step of Reo manufacture takes place in one great factory. Every detail is watched and tested. Each material is proved strong as well as careful test can prove it. The same painstaking care and thoroughness is carried on down to the pattern making, the moulding of iron, aluminum, brass and bronze castings and the making of special tools, jigs and fixtures for the manufacture of parts. See this car and you will wonder how such a good car can be sold for so little amount of money.

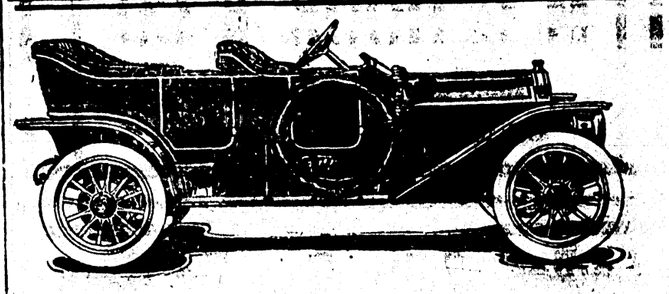
Strength and Endurance



Inter-state Motor Cars are well termed "bull dogs" for strength and endurance. They represent the best ideas in auto building which years of experience have developed. Users of Inter-state cars can testify that speed and service are both in these cars, which after years of usage have become famous as "no trouble" cars.

When you start out with an Inter-state you know you are "coming back" and its a nice safe feeling to have. We will be glad to demonstrate the good points of "The Inter-state."

Grain Letter.

Chicago, April 30.—Wheat—Anticipation of fairly heavy deliveries on May contract led to free liquidation of small holders. Local professionals were free sellers of long July and September. Crop news is largely confirmatory of the sensational loss all through the soft winter wheat sections. Western news is mixed, but indicates losses in parts of Kansas and Nebraska. A good authority in Minneapolis predicts a big decrease in spring wheat acreage. Yesterday's break and today's further setback have created a considerable short interest. Everything points to a short crop subject to further damage and loss. It may take several days to establish the present level firmly, but we are strongly of the belief that the situation justifies much higher prices and that investment in July and September wheat will be profitable.

Corn—Persistent local effort is required to maintain prices. Country offerings have increased on all rallies, sales for May-June shipment have been quite liberal. After corn planting a big run is looked for. All oat and wheat news points to a large area of corn. There is every prospect of an enormous corn acreage starting with ample moisture. Corn is selling now for all that it is commercially worth. We believe that July sold and well protected will before long pay well.

Oats—There was a manifest increase in interest, particularly in September. May liquidation depressed the nearer deliveries. Bright weather locally has encouraged a great deal of professional short selling and established a big short interest in September and July. Recent wet weather and the backward season have resulted in a short acreage. A few complaints of slow germination and rotting of seed are coming in and will probably be numerous in the near future. Stocks of old oats are well used up, owing to the high price of other feed. The delayed season means old crop delivery for July with a scarcity of deliverable oats. Cash oats may be expected to command a high price in July. The new crop which is badly delayed will probably suffer through maturing during hot weather. We can but repeat the numerous bullish arguments on September oats, which at their enormous discount as regards cash oats are on the bargain counter. We think investments in July or September oats will be profitable.

Provisions—Nervous and erratic. Belated profit taking furnished most of the offerings. Shorts were good buyers. Packers are now placing hedges on all the hard spots. Any increase in hog receipts would result in lower level.

PREDICTS BEEF CATTLE SHORTAGE

John T. Alexander Talks About Market Conditions—Hard Winter in West Has Wiped Out Whole Herds.

At a recent meeting of Indiana Cattle Feeders held at Lafayette, Ind., John T. Alexander of Chicago, so well known here and recognized as authority on livestock matters, was one of the speakers. Several hundred cattle dealers were present and before the association adjourned Mr. Alexander was elected among others to honorary membership. Allen Bichler and Mr. Alexander placed the values on the cattle in the feed yards of the college station.

In his talk on present and prospective market conditions, Mr. Alexander said:

"The average price of beef steers at present is about $1.75 per cwt. higher than at this time last year and top cattle $2.50 per cwt. higher. The decrease in receipts of cattle at the six leading western markets from the first of January to April 25 is something like 180,000 head and as receipts have consisted mostly of light weight and short fed stuff and there has been a scarcity of heavy or good weight cattle, the decrease in pounds of beef certainly shows a remarkable shortage.

"It is very apparent to everyone that we are up against the greatest shortage of beef cattle in years, to be marketed during the spring, summer and fall months. Late reports from the northwest are to the effect that winter losses of livestock have been the heaviest since the hard winter of 1886. Central and northern Wyoming and southern and western South Dakota and western Kansas, seem to have been hit the hardest. In many instances whole herds of cattle have been wiped out.

"With our rapidly increasing population, it looks as though high prices are inevitable. How high they will go will be regulated by the consumer and the industrial conditions of the country. While the industrial situation has not been the best during the winter months we are of the opinion there will be a gradual improvement during the summer. Our American people are meat eaters. When hogs sold at eleven cents two years ago and the best bacon retailed at forty cents per pound, the people ate it just the same, and seemed to relish it more because it was high. Not only are cattle short but it looks like there would be a shortage or a very moderate supply of hogs and sheep as well during the summer and high prices for both.

"We have been asked, this being presidential year, if it would effect the business of the country generally. It is reasonable to assume that neither great political party will take very radical grounds in framing its platform and making nominations for the presidency. They cannot stop prosperity of this great country of ours any great length of time.

WEDDING ANNIVERSARY.

Mr. and Mrs. C. F. Neinhiser were very pleasantly surprised Sunday evening, April 23, 1912, at their country home, seven miles northwest of Chapin, in honor of their 25th wedding anniversary and the birthday of Mrs. Neinhiser. A number of relatives and friends rushed in upon them about 5 o'clock with a wagon load of good things to eat. This was wholly unexpected and to say they were surprised would be putting it mildly. An elegant three course supper was served. The dining room table was tastefully decorated with silver tinsel, suggestive of the silver wedding and pink and white carnations were the floral decorations.

After the guests had partaken of the bounteous repast the evening was spent in music and singing and a general good time. Rev. J. H. F. Selving also made a very impressive talk on matrimonial joys and sorrows.

About 100 guests were invited but on account of bad weather many were detained. Quite a few beautiful and useful presents were received. Among them were a set of desert spoons, fruit dish, set of fruit knives, gravy ladle, jelly spoon, preserve spoon, cream ladle, sugar shell, pickle fork and two butter knives.

The guests departed for their homes at a late hour, wishing their host and hostess many more years of happy married life.

WHY CHILDREN ARE PUNY.

Need More Food—Richer Blood, Better Appetite.

Anxious parents often wonder why their children are so thin, pale and nervous and have so little appetite.

Growing children need "lots" of food. They use so much energy in play, and their growing bodies require so much more, that unless they eat heartily they are bound to suffer.

A Bloomfield, N. J., mother, Mrs. E. W. Cooper, says: "My little girl had a bad cold and was run down in health for six weeks. Then I gave her Vinol and it was a wonderful help, breaking up her cold quickly and building up strength besides. I have also found Vinol an excellent tonic for keeping up children's strength during whooping cough."

Our delicious tonic, Vinol, is a wonderful appetizer and you can see children improve day by day under its use. It enriches the blood and builds up the body, making pale, delicate children rugged and rosy.

We guarantee Vinol to do this, if it does not, you get your money back. Lee P. Allcott, Druggist, Jacksonville, Ill.

Open Air Sleeping.

The National Association for the Study and Prevention of Tuberculosis in "Directions for Living and Sleeping in the Open Air," by Dr. T. L. Corrington, gives the following plans for building a sleeping porch: "If a special porch for winter use is to be built, place it on the south side of the second story of the house, with an entrance into a room which can be used by the patient. For a passage way to the porch cut one of the windows down to the floor and put in a door three feet eight inches wide, so that the bed can be rolled from the room to the porch without difficulty. If the room is not heated by some other means a stove should be used and the room kept warm so that the patient may have a comfortable place for dressing, eating and to enter when chilled. Build the porch out from the door ten feet wide by ten feet long and seven or more in heighth from the floor to the ceiling. Place glass and sash on the side of the porch most exposed to the weather and hang canvas curtains on rollers to inclose the open sides in stormy weather. Lay the floor with narrow spruce boards, using white lead and oil to fill the cracks at a grade of one inch to five feet, so that water will not stand during stormy weather. A porch of this kind can be built in small towns and in the country for from $50.00 to $100.00, the cost depending upon the class of material used and the way the porch is finished.

"A useful porch can be built for $12.00 to $15.00 with cheap or second hand lumber and if only large enough to receive the bed and a chair will still be effective for the outdoor treatment. The roof can be made with a canvas curtain or a few boards and some tar paper. The end most exposed to the wind and rain and the sides below the railing should be tightly boarded to prevent drafts. A window can be used for the approach, but it will be more convenient if it is cut down to the floor and a small dutch door put in below the window sash. Second and third story porches are supported from the ground on long 4x4 posts or when small they can be held by braces set at an angle from the side of the house."

Breathe Through Your Nose.

The nose, not the mouth, was made for breathing. The nose is designed to warm and moisten the air and take any particles out of it before it reaches the lungs and the mouth cannot supply these conditions. It is just as necessary to have the air properly prepared for the lungs as it is to have the food and water properly prepared for the stomach. Children who breathe through the mouth should have a careful investigation of the nose. Mouth breathing may be due to habit but it is more likely due to some stoppage in the nose. Whether it is disease or habit should be determined before permanent damage is done the child and proper treatment or discipline applied.

Shock or Collapse.

This condition is one of depression of the vital functions of the whole system. The surface of the body becomes cold and there is an accumulation of blood in the interior of the body due to great weakness of the heart and dilatation of the great blood vessels. The breathing is shallow and sighing, the patient sleepy or partly unconscious, the limbs limp and the pupils of the eyes dilated, and the patient may die from heart failure or reaction may take place and gradually the surface of the body becomes warm and natural in color; vomiting relieves the internal congestion and the pulse and breathing become normal. Such a condition is usually the result of burns, wounds, or hemorrhage but may be caused by fear or grief. Anyone found in this condition should immediately be put to bed and surrounded by warm things and covered carefully. The head should be lowered and the limbs rubbed briskly to aid the circulation. These all important measures can be applied by anyone before a doctor arrives and in this way valuable time is gained and even a life may be saved. Every person should think out what he would do under such circumstances.

DEMAND JAIL SENTENCE.

Chicago, April 30.—Attorneys for John McGillen, chairmen of the Cook county Democratic central committee to day, in Judge McKinley's court, demanded jail sentences for the seven city and county officials who violated an injunction issued by Judge McKinley at the time of the Democratic county convention. Arguments of counsel continued throughout the day and will be resumed tomorrow morning.

Noah Ornellas of Murrayville was among the business callers in the city yesterday.

KEEP YOUR HEAD UNCOVERED.

The Constant Wearing of a Hat Propogates Dandruff Germs.

There are many men who wear their hats practically all the time when awake, and are blessed with a heavy shock of hair; yet if the scalps of these same men ever became infested with dandruff germs, the parasites would multiply till too crowded for lack of air. Baldness would come as the final result. Nowadays Herpicide kills these germs and stimulates unhealthy hair to abundant growth. Herpicide is a pleasant hair dressing as well as a dandruff cure and contains not an atom of injurious substance. Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.
